

Hi everyone!

The second quarter has just ended, third one is on the way. We wish everyone a very successful third quarter.

As the AC-SET, we have already started working on new events, you will hear about them soon. In this newsletter you will find information about the NRG Battle 2011 and RWE Challenge. We added some new sections to our newsletter to get to know each other better within the SET students. Each month one of us will appear on the newsletter with a short fun interview. Also the "Did you know..."s will let us learn fun facts about each other.

Do you also have some news or fun fact you want to share with all your fellow students, send it and we'll try to place it in our next newsletter. Enjoy reading and expect another next month!

The AC-SET (Activity Committee of SET).

NRG BATTLE 2011

NRG Battle is a competition where you will compete in groups of five students from various backgrounds. The assignment is to develop innovative solutions for various Energy issues, submitted by renowned companies in the sector (e.g. GasTerra, Grontmij, Siemens). An expert jury will judge your solutions based on three criteria: novelty, utility and non-obvious of character.

The first round takes place at Groningen on March 4th. If you want to participate check the website <http://www.nrgbattle.nl>. Send a mail to AC-SET if you are willing to participate individually and looking for a group or you already formed a group.

The deadline for applications is February 13th, don't miss the chance of meeting the CEO's of important energy companies and getting job offers.

RWE CHALLENGE

SET students have participated in the RWE Challenge. Three teams were made and 1 team made it to the second round. Gerda de Jong, Sander Dikken, Maarten van der Vossen and Solange Lecluse, congratulations! We wish you good luck with the next round and hopefully you can make it to the final, or even more...

We will keep you updated about the progress of our SET-team in the RWE challenge.

SET student of the Month

Ezgi Berber
Turkish/23
SET 1st Year

Favorite Dutch food: there is no such thing as Dutch food ?!

Ecological footprint (footsize): 42, American size

Favorite place in campus: the lake is nice. (does it count?)

Most sustainable behavior: biking

Stupidest behavior ever: biking!

Non-sustainable subject for you: electrical power engineering!!

Your life in 3 sentences: Sophia, you should be the one. (no comment)

The next SET-borrel will be on Thursday **February 3rd** in the **De Salon** (Physical building, N-laag 0.13) starting at **16:00**. We would like to invite all of you to drink, celebrate the end of 1st semester and socialize with other SET students and us.

WEBSITE

We hope everyone found the old exams on our website (<http://acset.isgreat.org/>). Also other information about the AC-SET and upcoming events can be found there Furthermore, we kindly ask you to give or send the exams from this period to the AC-SET, so we can extend our database.

The AC-SET website will not work within the campus of TU/e, sorry for the inconvenience. We are working on a solution for this problem. If you are experienced in website design, please contact us.

The AC-SET email is acset@tue.nl.

Did you know that...

- Bart fell off his bike after the party at the end of Van Lint Sportsweek?
- Nadina was distracted by a bug during Built Environment exam?
- Eindhoven was nominated as one of the top seven intelligent communities after the arrival of 5th generation SET Students?
- Bram has built a model helicopter from scratch in his free time?
- Giorgos is nominated to be the most faithful library user as he spends 90% of his time there?
