UPCOMING ACTIVITIES

3TU SET Day

3TU SET Day will be held on April 26th with other TUs. SET Students from TU Delft and TU Twente will visit TU/e for the SET day and we have planned an interesting agenda.

Few students from TU/e will have a chance to give presentations about energy issues to all 3 TU students. Possible topics are energy situation in your country, your graduation project, or any other interesting energy topic you have in your mind. If you want to be one of the presenters please mail the AC-SET acset@tue.nl as soon as possible.

EXCURSION TO WMC and ECN

There will be a double excursion in May to WMC (wind blade manufacturer) and ECN. Further details about the excursion will follow by e-mail, don't forget to check your mailbox regularly, and don't miss the chance to join this interesting excursion.

INTRO DADDY

We are approaching the end of this year, and next year new SET students will arrive. If you are interested in becoming an Intro Daddy, please email us acset@tue.nl.

NRG BATTLE 2011

On 4th of March 2011 the first round of the NRG Battle took place in Groningen. The participants had to solve a case study and at the end of the day, they had to present their idea in front of a judge. The judge chose 5 teams according to the solution for the case study and those teams will go to the finals in November. A couple of SET students also participated to this round: a team consisting out of Rose Morales, Jaun Galaun, Ahmed Abdisalaam, Chetan Suvvi and Dimitris Kamparis, and also Xavier Santiago individually. Congratulations to the SET team who became third and will go to the finals, besides that we also celebrate Xavier for participating, unfortunately he couldn't make it to the finals.

If you also want to participate to the challenge with a team, it is still possible, because there will be another round in June in Rotterdam and in October in Groningen. Send an e-mail to acset@tue.nl if you are looking for teammates or you already have a team and you can also check the website www.nrgbattle.nl.

SET-BOWLING

AC-SET organized the first SET-BOWLING on 1st of March 2011. Sixteen SET students participated to the event, had a fun time playing bowling with fellow students. The fun continued after bowling, with some drinks. We would like to organize more of these events with more people.

The next SET-borrel will be on Thursday **April 14th** in the **GEWIS** (Main Building, 10.52) starting at **17:00**, just after Hydrogen Technology exam. We would like to invite all of you to drink, celebrate the end of 3rd quartile exams and socialize with other SET students and us.

WEBSITE

We hope everyone found the old exams on our website (<http://acset.isgreat.org/>). Also other information about the AC-SET and upcoming events can be found there. Furthermore, the exams database has been extended. If you have exams that are not on our website, we kindly ask you to send the exams to the AC-SET, so we can add it on the website.

The AC-SET website will not work within the campus of TU/e, sorry for the inconvenience. We are working on a solution for this problem. If you are experienced in website design, please contact us.

The AC-SET email is acset@tue.nl.

Did you know that...

- Ahmet (Yöntem) likes throwing paper on others when he is bored during the lectures.
- Dutch people plan every minute of their vacation!
- Some SET students went to Italy and that they had at every meal, a 'single' (fun) table and a 'couple' (serious) table!
- Rose has an expensive taste (she loves shopping on Ponte Vecchio).
- When it comes to mosquitoes, Saba is a professional killer.
- Bart drinks 1 liter of milk every morning; he also had 5 spare ribs on Oben's birthday and he replied "Omdat het kan!"
