

Hi everyone!

It's the end of the fourth quartile and end of the academic year, everyone is busy with preparation for their exams and graduation thesis and few already planning for the holidays. We wish you all good luck and success with the planning and enjoy the vacation.

In this newsletter you will find updates about **SET-BBQ, NRG BATTLE, and the SET GOOGLE GROUP.**

Just a useful reminder to you, do you fill in the questionnaires about the courses and don't know the outcomes? You can see the results of the course evaluations from [here](#). For instance, you can see the results of 0C903 course evaluation.

Do you also have some news or fun fact you want to share with all your fellow students, send it and we'll try to place it in our next newsletter. Enjoy reading and expect another after the summer holidays!

The AC-SET (Activity Committee of SET).

SET BBQ

On June 14th, AC-SET organized a barbecue for SET students on TEMA field. After the SET mini symposium, the event started at 17:00 with some drinks and music. Then followed the delicious barbecue. After the BBQ, AC-SET organized few games. The participants enjoyed fun games such as "koekhappen", sponge race, marble on spoon, and "spijkerpoepen" in groups and the winner of the day earned a prize: free drinks.

We would like to thank everyone for participating and hope to see you in future events.

GOOGLE GROUP

It's the end of the academic year and people of second year of SET are already finishing their thesis. They are going to graduate soon, and the contact with them would be lost soon for most of us, as the TU/e mail addresses will expire.

As we are glad to know each other from the day one and we would like to continue the same after we leave the university, AC-SET created a mail group to stay in touch with everyone. All SET students can register by their non-TU/e mails, by following this [link](#), or you can send your e-mail address to acset@tue.nl and we will add you to the group.

NRG BATTLE

The second round of NRG BATTLE took place in Rotterdam on 10th of June. 4 teams from TU/e participated to this round, all of them with SET students, 2 of them exclusively SET teams. Two out of these four teams made it to the final: The first group was the SET Team with Necdet Canköy, Jeroen van Hellenberg Hubar, Bastiaan van Wijk, Okan Caliskan and Ahmet Yöntem. The second group consisted of Pamela Avila, Luis Hurtado César, Jorge Quintana, César Augusto Martínez Pinzón, and Erick Ricardo Hernandez Wesche.

We would like to also congratulate SET students Sundaravelpandian Singaravel, Ramavtar Tyagi, Vipul Gupta, Rahul Gopakumar, Lakkumanan Ramu, Xavier Santiago Perez, Fernando Flores and Jonathan Ramirez for participating to the NRG BATTLE.

In the first round at Groningen, group with SET students was also selected for the finals. The third edition of the NRG battle will be on October 2011 in Groningen. Why would not more SET teams be in the finals?

If you also want to participate to the challenge with a team, it is still possible. Send an e-mail to acset@tue.nl if you are looking for teammates or you already have a team and you can also check the website www.nrgbattle.nl.

WEBSITE

We hope everyone found the old exams on our website (<http://acset.isgreat.org/>). Also other information about the AC-SET and upcoming events can be found there. Furthermore, the exams database has been extended. If you have exams that are not on our website, we kindly ask you to send the exams to the AC-SET, so we can add it on the website.

The AC-SET website will not work within the campus of TU/e, sorry for the inconvenience. We are working on a solution for this problem. If you are experienced in website design, please contact us.

The AC-SET email is acset@tue.nl.
